

Timber Flooring & Decking Specialist - Established for 50+ Years

Rare opportunity to buy a family business established in 1965 which specialises in timber flooring and decking supply and installation.

Packed full of history with a solid reputation and repeat customers, this business also has strong relationships with builders which accounts for around 30% of their revenue. You will love the high end showroom which is located in a busy commercial area with plenty of passing traffic, a must see!

The business would be a great fit for a buyer who has; experience in the building industry, a desire to deliver high quality products, commitment to great customer service, a positive attitude, a desire to build on an already outstanding reputation. With little focus on marketing there is plenty of growth opportunity.

Tried and tested procedures/operations are in place and with future bookings already booked in, a new owner would be able to step in and earn immediately. Perfect as a stand-alone business or strategic buy for an aligned company in the construction industry.

We expect high levels of interest on this business so get in touch with SOT today to find out more.
