

Commercial Cleaning - Perfect for sole trader, Growth opportunities

This business offers commercial floor cleaning for a large amount of regular and ad hoc clients. With multiple growth opportunities already identified and a very satisfied client base, you can experience an excellent return on investment right from the get-go!

The current customer base is large, with revenue spread over a high number of repeat clients. There is minimal seasonal and economic fluctuation with this gem! A niche market has been developed where businesses require premises cleaning, but it is not viable for them to hold the cleaning equipment required, for themselves.

This is a solid business with everything set up and ready to step in. It's easy to run and manage its loyal and satisfied client base. The current owners have not undertaken any serious strategic marketing to date, so there is a lot of room to fine tune the business model and prepare for growth.

This business would be a great fit for someone looking for an excellent return on investment and a drive for business growth, as there are plenty of options available with this one to make it your own. Having a passion for customer satisfaction in a service environment, and enjoying working with some excellent long term clients will be the key to build on the already outstanding reputation.
